2022 XTERRA European Championship: It is not necessary to qualify, nor be European to race at the XTERRA European Championship on October 1st in Molveno, Italy. The top three finishers in each age group, regardless of nationality, will be given medals on the podium at the XTERRA European Championship awards ceremony. We will also recognize the top three Europeans in each division even in a situation where a non-European athlete earned a podium spot.

Silver Age Group (new in 2022): There are 4 Silver events named 'Silver AG' with no Elite prize money. Elites can still race and be ranked within the Elite category. These events, such as the Long Distance, might have a small prize purse, but this will be on a case-by-case basis and up to the organiser to decide. It's the responsibility of the Elites to contact the organisers in order to see what their policy is. Elites are welcome, but prize money and invitations are not mandatory.

*There is no European Elite tour ranking and awards for 2022. XTERRA is working on a World Tour for 2023.
